EDUCATION

Pohang University of Science and Technology (POSTECH) *Mar 2023 - Feb 2026 (expected)*

M.S. in Mathematics

Thesis: Ulrich Bundles on Fano Threefolds V_{22} (defended), **Advisor:** Prof. Kyoung-Seog Lee

Incheon National University (INU)

Mar 2016 - Feb 2023

B.S in Mathematics Education

Military leave of absence (Apr 2020 - Jan 2022) (in Korea Air Force)

RESEARCH INTERESTS

I am broadly interested in algebraic geometry and related areas. My research interests include moduli spaces of vector bundles, derived category, Ulrich bundles and Hodge theory.

PUBLICATIONS

- *Ulrich Bundles on Fano 3-Folds V_{22}* (with Kyoung-Seog Lee and Kyeong-Dong Park) *in preparation*

HONORS

Outstanding Teaching Assistant Award, awarded by POSTECH *2025*

POSTECHIAN Fellowship (innovation), awarded by POSTECH *2024*

TEACHING EXPERIENCE

Teaching Assistant (T.A.)

Sep 2023 - Present

POSTECH

- (2024 Fall, 2025 Fall) Fall Calculus2

- (2023 Fall, 2024 Spring, 2025 Spring) Applied Linear Algebra

Grader

Mar 2019 - Feb 2023

INU

- (2022 Fall) Introduction to Number Theory

- (2019 Fall, 2022 Fall) Modern Algebra 2

- (2019 Spring, 2022 Spring) Modern Algebra 1

SKILLS

Programming Languages

Python, MATLAB, SAGE math

INVITED TALKS

- *Moduli Space of Ulrich Bundles on Fano threefold V_{22}* , Mini-workshop on moduli spaces and related topics *2025.05*

- *An introduction to Quiver Representations: the algebraic approach*, Gyeongsang National University Algebraic Geometry Seminar *2025.01*
