EDUCATION

University of Kansas <i>PhD in Mathematics</i>	January 2022 - Present <i>Current GPA: 4.0/4.0</i>
Indian Institute of Technology, Mumbai <i>PhD in Mathematics</i>	January 2021 - December 2021 <i>GPA: 10/10</i>
Indian Institute of Technology, Madras <i>Masters in Mathematics</i>	August 2018 - July 2020 <i>GPA: 8.92/10</i>
Ramakrishna Mission Residential College, Narendrapur <i>Bachelors in Mathematics</i>	August 2015 - July 2018 <i>Percentage: 82.75%</i>

RESEARCH INTERESTS

Algebraic Geometry, more specifically Quantum Cohomology, Gromov–Witten theory. I am also interested in Donaldson-Thomas theory, mirror symmetry and wall crossing formulas.

PUBLICATIONS AND PREPRINTS

1. (Joint with Yunfeng Jiang and Hsian-Hua Tseng) The quantum cohomology of moduli space of PGL_2 -bundles on curves (<https://arxiv.org/abs/2405.06562>)
2. (Joint with Yunfeng Jiang) Equivariant deformation of minimally elliptic singularities (arXiv:2510.10253v2)

WORKSHOPS AND CONFERENCES ATTENDED

Homological Mirror Symmetry conference, University of Miami A weeklong conference on recent progress and applications of Homological Mirror symmetry.	Jan 2026
AIM workshop on wall crossing and applications A weeklong online workshop on Joyce's wall crossing formula and their applications.	September 2025
2025 Summer Research Institute in Algebraic Geometry, CSU Fort collins Attended first two weeks of SRI 2025.	July 2025
2025 Summer Research Institute in Algebraic Geometry bootcamp, CSU Fort collins SRI 2025 bootcamp "Gromov-Witten Theory" led by Prof. Rachel Webb.	July 2025
GAGS 2023 and 2025 Georgia Algebraic Geometry Symposium at University of Georgia.	Apr 2023, March 2025
AGGITatE 2024, University of Essex A weeklong LMS research school focused on Moduli Theory in Algebraic Geometry.	July 2024
Derived categories and semi-orthogonal decompositions, Chennai Mathematical Institute A two week workshop intended to be an introduction to the study of derived categories of sheaves on an algebraic variety, with the topic of semi-orthogonal decompositions as the unifying theme.	May 2024
Holomorphic and Topological Methods in Symplectic Geometry, ISI Kolkata A week-long workshop on topics in Symplectic geometry focused on Floer homology/cohomology and Gromov-Witten invariants.	May 2024
Oslo Stability and Enumerative Geometry Workshop, University of Oslo A week-long workshop on topics in Enumerative Geometry.	Dec 2023
Topics in Birational Geometry, Chennai Mathematical Institute A two-week workshop on Birational Geometry.	May 2023 - June 2023

TALKS

AMS virtual sectional meeting Fall 2025

October 2025

ACHIEVEMENTS

Summer graduate fellowship, University of Kansas

2023,2024,2025

National Board of Higher Mathematics PhD Scholarship (NBHM)

Jul 2020

Graduate Aptitude Test in Engineering (GATE) Fellowship, all India Rank 13

Mar 2020

Joint CSIR-UGC National Eligibility Test (NET) for PhD,all India Rank 43

Dec 2019

CSIR National Eligibility Test (NET) for PhD, all India Rank 58

Aug 2019

Joint Admission Test for M.Sc in IIT's and IISc (IIT-JAM), All India Rank 46

Mar 2018
