

Full name: Matthijs Geurt Holstege
Born: Nieuwegein, the Netherlands, 3 July 1999
Nationality: Dutch
Address: Abstederdijk 200
3582BW Utrecht, the Netherlands
Phone: +316 43800857
Email: m.g.holstege@uu.nl
Date: 15-03-2026

Matthijs Holstege

Education

- 2026 – **PhD Candidate**, Utrecht University
◦ Supervised by Dr. Pieter Belmans
- 2022 – 2026* **Master Mathematical Sciences**, *Cum Laude*, Utrecht University
◦ Average grade: 9.3/10.
◦ Master thesis (9.5/10): “*Resolutions of near-thin quiver moduli*” supervised by Dr. Pieter Belmans.
- 2017 – 2022* **Bachelor Mathematics**, Utrecht University
◦ Average grade: 7.8/10.
◦ Bachelor thesis (8.5/10): “*Systems of forms in C_i fields. A discussion of S. Lang’s and M. Nagata’s results*” supervised by Dr. Marta Pieropan.

Talks

- Poster “*Resolutions of near-thin quiver moduli*” at *Homological Algebra in Algebraic Geometry and Representation Theory*. March 3, 2026. Salerno, Italy
- '30 Talk “*Resolutions of near-thin quiver moduli*” at *Geometry of quiver moduli*. February 23, 2026. Utrecht, the Netherlands.

Conferences and workshops

- “*From 0 to p and back: A symposium in honour of Frans Oort’s 90th birthday*”. November 6-7, 2025. Utrecht, the Netherlands.
- “*Conference for Algebraic Geometry via Eurostar*”. September 17-19, 2025. Leiden, the Netherlands.
- Gruaduate shool and colloqium of the Dutch Geometry and Quantum Theory research cluster. August 25-29, 2025. Groesbeek, the Netherlands.
- SLMath graduate school “*Non-Commutative Algebraic Geometry*”. June 30-July 10, 2025. Antwerp, Belgium.
- Vector Bundles on Algebraic Curves workshop “*Quivers and sheaves*”. May 14-15, 2025. Utrecht, the Netherlands.

Teaching

- 2025 – 2026 Teaching assistant for Modules and Representations.
- 2019 – 2020 Teaching assistant for Linear Algebra 1 and 2.

*Three year delay during bachelor and master due to long concussion.
