

# Chaymae Karam

PhD Student

## PROFILE

Currently in my third year of a PhD in astrophysics, I have a solid theoretical background and a deep passion for exploring the fundamental laws of the universe. My academic journey has allowed me to gain a profound understanding of physical principles while developing my ability to tackle complex problems with an analytical perspective. I am determined to use this expertise to contribute to innovative research and expand my knowledge of the universe.

## PROFESSIONAL EXPERIENCES

- Participation in the Doctoral Days, Mohammed V University, Rabat-Agdal – 2025 and 2024 editions.
- Participation in the National Days of PhD Students and Young Researchers, Mohammed V University, Faculty of Sciences, Rabat-Agdal – 2025 and 2024 editions.
- Participation in the symposium *25 Years of Science with Chandra*, Center for Astrophysics | Harvard & Smithsonian, Boston – December 2024.
- Participation in the Summer University on the theme “*Digital Technology at the Service of Africa*”, July 15–18, 2024.
- Member of the Organizing Committee, *International Conference on Theoretical Physics*, Hassan II University, Faculty of Sciences Ben M’Sik, Casablanca – December 2023.

## EDUCATION

### PhD in astrophysics: Teleparallel gravity

Mohammed V University, Faculty of Sciences, Rabat, Morocco / 2023 - In progress

### Master's degree in research: Computer Science and Scientific Instrumentation in High-Energy Physics

Hassan II University, Faculty of Sciences Ain Chock, Casablanca, Morocco / 2021 - 2023

### Bachelor's degree in fundamental physics

Ibn Zohr University, Faculty of Sciences, Agadir, Morocco / 2020 - 2021

### General Academic Studies Degree in physics

Ibn Zohr University, Faculty of Sciences, Agadir, Morocco / 2017 - 2020

### High school diploma in physical sciences

Al Fassaha High School, Agadir, Morocco / 2016 - 2017

## CONTACT

Casablanca

## LANGUAGES

Arabic ██████████  
French ██████████  
English ██████████  
Spanish ██████████

## PERSONAL SKILLS

- Teamwork
- Rigor
- Flexibility
- Autonomy
- Organizational skills
- Sense of responsibility
- Adaptability

## COMPUTER SKILLS

- **Programming** : C, C++, Python
- **Operating Systems**: Linux, Windows
- **Office Suite**: Microsoft Word, Excel, PowerPoint
- **Scientific Computing Software** : Mathematica
- **Scientific Writing**: LaTeX
